Two Ways to Enter

There are two main entry points when trying to access our site for deliveries or collections.

Depending on whether you have made your way through Canterbury and end up on the A257 or if you have bypassed Canterbury by driving on the A2.

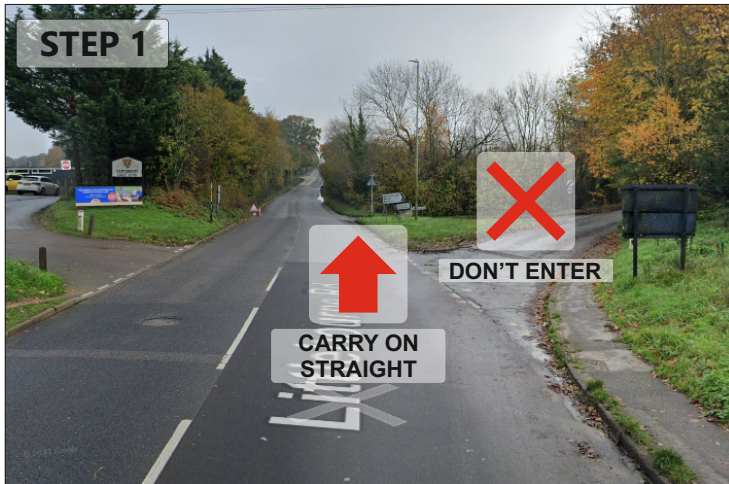

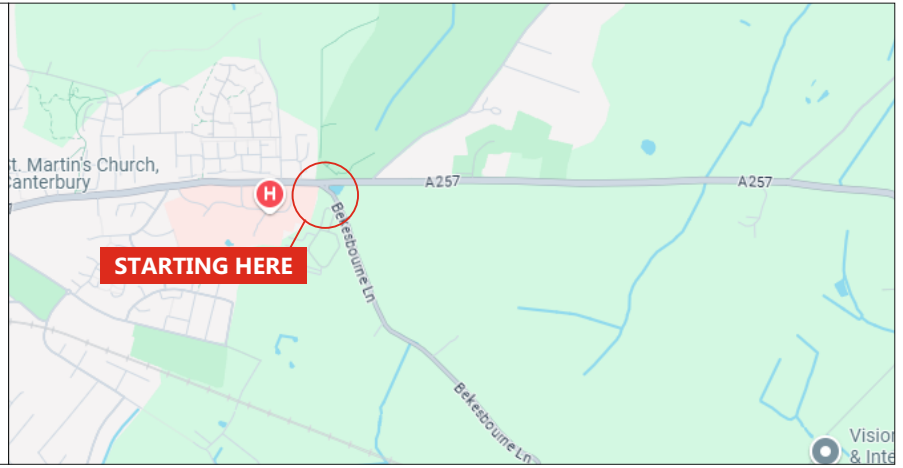

The A2 access is easier but has a height restriction due to an overhead train bridge, located halfway through the route.

See the next few pages for more information on these routes.

If you're coming from Canterbury Road - A257 Dover Bound

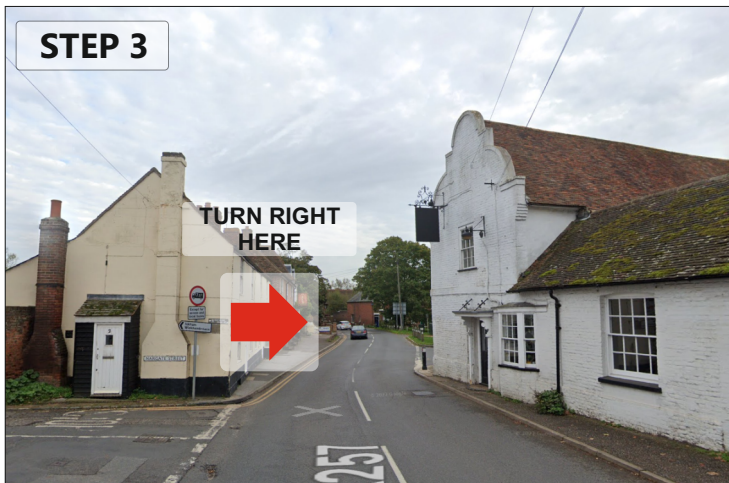

Please follow the below path to avoid potential closed access points not picked up via satnav.

Continue driving **straight on Littlebourne Road (A257)**. Do not turn right onto **Bekesbourne Lane**, as this route is unsuitable for larger vehicles.

Further along, your satnav may direct you to turn right onto what appears to be a small path. Ignore this, as there is no access. Continue straight until you reach the **village of Littlebourne**.

You will come to a tight junction with a white house on the corner, take a right **onto Bekesbourne Lane** after the house.

Follow this road and you will **eventually pass Howletts Zoo** and see **our entrance further up**.

If you pass an overhead train bridge, you have gone too far.

The entrance to our site is next to a small row of red-brick houses on your right.

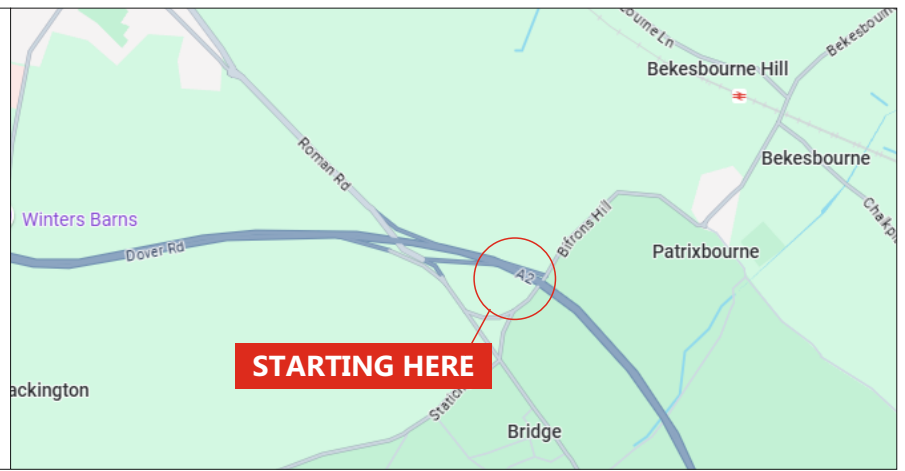

Look for a sign on a red-brick wall that says **"Woolton Farm."**

Turn into this entrance and follow the road to the top, where you will see our logo on the building.
